

PARTICULAR SPECIFICATION

CONTENTS

Clause	Description	Page PS-20-
20	WARRANTIES	1

20 WARRANTIES

- 20.1 The Contractor shall provide warranties for Civil & Structural items, Architectural items and Signage in accordance with **Appendix O** of Particular Specification - Schedule of Warranties and as described in the Materials & Workmanship Specification for Civil & Structural Works, Civil Design Criteria for Road and Rail Transit Systems and the Materials & Workmanship Specification for Architectural Works.
- 20.2 Subject to any qualifications indicated in the schedule, all warranties shall be of the form indicated in the General Specification and the commencement date shall be the date of Substantial Completion of the whole of the Works.
- 20.3 Where it is customary for guarantee or warranty for any material not specified in the Materials & Workmanship Specification but used in the Works, the Contractor shall obtain the warranty/guarantee for the material used from the supplier/installer/applicator and in the form indicated in the General Specification.
